

Industrial Visit to Heidelberg Cement India Limited, Jhansi

Students of B.Tech. Civil Engineering (2nd, 3rd and 4th year) visited to **Diamond Cement (Prop. Heidelberg Cement India limited, Jhansi)** on dated 23-04-2018. It is a cement manufacturing plant with brand name “Mycem cement”. Mr. Arun Sharma, Training & Placement Officer along with two faculty members Mr. Hari Shankar Tyagi and Ms.Monika Parmar coordinated the visit.

On reaching the plant, Mr. G. M. Bhushan Rao, Plant Head gave an introduction about the plant through a presentation at club house. Mr. Saurabh Singh, Senior Manager instructed about health & safety precautions during the visit. Mr. Suresh Chandra Rajput gave an interactive presentation on “Design Mix Concrete” and responded the queries of students.

Students had visited various sections of plant including control room, mixing plant, packing system, Physical Lab, Chemical Lab and Testing Lab. They also understood the functioning of machines like Automatic Holding Machine, Klinker mixing, and automatic packing system.

Mr. Devendra Kumar Awasthi, Customer Service In charge- Western U.P. and his team members Mr. Shailesh Rajput, Site Engineer, and Mr. Rishi Chaudhary, Customer Service Officer from Heidelberg Cement India Limited were present during the visit.
